Save the Mudwalk

Save the Environmental Studies Center

Yes! I want to help!

Quotes from the Save the MudWalk Petition

“I have taught thousands of students and the one trip they ALL remember is The MudWalk. This one outstanding environmental lesson has had the greatest impact on our science curriculum. There are so many things that as a middle school science teacher I can relate to their experience at the Environmental Center and they will all go, ‘Oh yes. I get it now.’ ”

“Ask graduating seniors what they remember about their educational experiences. The MudWalk ranks in the top five.”

“Many of my Seminole Community College biology students have commented over the years about their positive nature experiences at the Center. For this to stick with them eight years or more is a testimony to the Center’s educational program.”

Donate by Check

Attached is my check for the amount of \$ _____, check number _____.

Make the Check to: Environmental Studies Center Program Fund

Mail Donations to: The Environmental Studies Center

In Care of The Foundation for Seminole County Public Schools
